

MOTION BY SUPERVISOR MICHAEL D. ANTONOVICH

FEBRUARY 5, 2013

We are all aware that the federal government's failure to address the issue of illegal immigration has created social, economic, and political division within Los Angeles County and the State. A bi-partisan group of United States Senators have proposed a comprehensive approach to immigration reform including a guest worker program, greater border security, and enhanced coordination of federal and local law enforcement. It is a positive step that reform has been discussed and clear agendas and proposals have been introduced.

I, THEREFORE, MOVE that the Board of Supervisors direct our federal advocates to support and send a five-signature letter to the County's Congressional Delegation in support of the Senate's bi-partisan group proposal and that it also include a trained reserve component patterned after our law enforcement programs.

I, FURTHER, MOVE that our federal advocates and the Chief Executive Officer report back to the Board monthly on the progress of Immigration Reform legislation and discussion.
